AUS	6	8	10	12	14	16

(*) Measure is taken from ground level; inseam is 10 cm shorter than inside leg, on average

(**) Body measurements and corresponding sizes are to be considered as a general guideline. We strongly recommend that any racing suit should be tried on by each swimmer before choosing the appropriate size, based upon individual preference in terms of compression. Swimming stroke and distance may also be key factors in the suit selection.
